QUICK STEPS TO NAVIGATE

1. Press Menu, Select Destination
2. Select Address
3. Select City or State (Change State if you are traveling to other states)
4. Enter City Name
5. Enter Street Name
6. Enter House Number
7. Select the Destination and press NAV button to Start Navigation
8. Start Navigation

USING THE MOUNTING BRACKET

When using the unit in vehicle, you can use the supplied mounting assemblies (mounting bracket, mounting cradle and dashboard mount disk) to mount the unit in the vehicle. Take the following steps to operate:

1. Slide the mounting cradle onto the end of the mounting bracket.
2. Lift the suction cup lever.
3. To mount to windshield, press the suction cup to the windshield and press down on the suction cup lever. To mount to dashboard, use the included adhesive disk. Choose a clean, dry spot on your dashboard, peel off protection liner from the back of the disk, and then attach the disk to your dashboard.

NOTICE TO DRIVERS IN CALIFORNIA AND MINNESOTA: State law prohibits drivers in California and Minnesota from using suction mounts on their windshields while operating motor vehicles. Other state or local laws may also prohibit drivers from using suction cups on their windshields. (See California Vehicle Code Section 26708(a); Minnesota Statutes 2005, Section 169.71)
